Uric Acid Gravel

IS CAUSED BY THE KIDNEYS BEING
UNABLE TO CARRY THE POIS-
ONOUS WASTE MATTERS
OUT OF THE BLOOD.

The urine of persons suffering from
uric acid or gravel is generally scanty,
and after it has stood a while, a reddish,
sediment like brick dust forms in it. In
advanced stages the uric acid sometimes
appears as fine sand, or large crystals.

Those who pass gravel in any consid-
erable quantity are usually troubled with
inflammation of the kidneys, bladder and
urinary organs, sour stomach, indiges-
tion, heartburn, gout and rheumatism.

**CURED BY
WARNER'S SAFE CURE**

"I have used Safe Cure for chills caused
by uric acid poison in my system and I
have been perfectly cured. It has done for
me what I have never known any other
medicine to do. It cures people in the
South who suffer much from malaria,
which always affects the kidneys. If all
the doctors would prescribe Safe Cure in-
stead of quinine for cases of malaria
there would be less bad after effects, as
quinine does not remove the disease
germs from the system like Safe Cure. I
take 'Safe Pills' when I need a gentle
laxative."—MRS. M. E. DEAN, Tryon,
Lotus Club, Chattanooga, Tenn.

THIS URINE WILL TELL:

Put some urine in a glass or bottle.
After it has stood 24 hours, if it is
cloudy or contains a reddish-brown sedi-
ment, or if particles float about in it,
your kidneys are diseased and unable to
do their work, and if not attended to at
once Bright's disease, diabetes, rheuma-
tism, gout, uric acid, inflammation of the
bladder, gall-stones or urinary troubles
will develop and prove fatal in a short
time.

Safe Cure is the only absolutely safe
and certain cure for all these forms of
kidney, liver and bladder diseases. It is
purely vegetable, free from harmful
drugs found in many so-called kidney
cures, contains no sediment and is pleas-
ant to take.

For sale in all drug stores, or direct,
50c and \$1.00 a bottle.

ANALYSIS FREE.

If after making this test you have any
doubt as to the development of the dis-
ease in your system, send a sample of
your urine to the Medical Department,
Warner Safe Cure Co., Rochester, Y. T.,
and our doctors will analyze it and send
you a report, with advice and medical
booklet, free.

REFUSE SUBSTITUTES AND IMITATIONS
They are worthless and very often
exceedingly dangerous. Ask for War-
ner's Safe Cure. It will cure you.

ANCIENT PLEA OF SANTA FE.

Interstate Commerce Commission Powerless.

Congress Must Not Make "Confiscatory" Rates.

"Red Book" of Diplomacy. The D.A.R. Conference.

(BY THE ASSOCIATED PRESS-P.M.)

WASHINGTON, April 18.—Victor Morawetz of New York opened the hearing before the Senate Committee on Interstate Commerce today. He is chairman of the Executive Committee and general counsel of the Atchafalaya, Kootenai, and Santa Fe Railroad. He told Congress that no constitutional right to fix a rate which would give the shipper a reasonable return, and would be confiscatory of the property of the railroad.

Congress, he said, could prescribe general rates for the regulation of interstate traffic. Congress could determine prima facie what rates are unreasonable, but subject to review by a court. In his opinion, Congress could not delegate power upon the commission to fix arbitrary rates without prescribing regulations and rules governing its acts. Congress could not confer judicial powers upon the Interstate Commerce Commission. Congress could not impose upon courts legislative functions.

Replying to questions, Morawetz said that Congress could not authorize courts to fix rates. It could confer upon the courts the power to determine if a rate was excessively high or if a rate was confiscatory. He said that the court in determining whether a rate was too high, could be required to fix a maximum rate that could have been lawfully imposed, but could not fix the rate for the future, but in reply to a question by Mr. Dwyer, he said that the court could fix the rate which the court found was reasonable, therefore should go into effect. Congress could fix what he said was maximum and minimum rates and possibly could delegate this power to a commission.

The grant of discretionary powers to fix rates and adjust the relative rates of different localities would vest the commission with arbitrary power and place it in practical control of property of vast values.

Morawetz spoke of the commission as a political organization, as it was provided that not more than three should be of the same political party. It might secure a majority of one party, and that it would be sectional, and that it would discriminate in favor of northern cities against southern cities, or other points. In discussing the provision of the Constitution that no preference shall be given by any regulation of commerce or revenue to any state, Morawetz said that the commission was not a political organization, as it was provided that not more than three should be of the same political party. It might secure a majority of one party, and that it would be sectional, and that it would discriminate in favor of northern cities against southern cities, or other points.

Secretary Taft's Return.

(BY THE ASSOCIATED PRESS-P.M.)

WASHINGTON, April 18.—Secretary Taft and Col. Edwards have returned from New York today. They were attending the meeting of the Panama Railroad Company. Gen. Haines, Rear Admiral Endicott, Col. Ernest and Mr. Harwood, members of the Panama Canal Commission, also returned. Chairman Shoup, Gov. Magson and Engineer Wallace, who constitute the Executive Committee of the commission, remained in New York, where they will continue the details connected with the reorganization.

Germany Sent No Word.

(BY THE ASSOCIATED PRESS-P.M.)

WASHINGTON, April 18.—If the German government had decided to immediately denounce the most-favored-nation clause in its treaty with the United States, as announced in Berlin by the Deutsche Tageszeitung, it has not yet informed the German embassy here of that fact.

As to the Goldsborough.

(BY THE ASSOCIATED PRESS-P.M.)

WASHINGTON, April 18.—The report of the naval board which conducted the recent voyage of the Goldsborough in Puget Sound has been received at the Navy Department. In substance it shows that, although the speed is not what it was in the past, the machinery since its installation about five years ago, has been in excellent condition and otherwise in good condition. The disposition of the naval authorities is to accept her.

Japan Would Welcome Taft.

(BY THE ASSOCIATED PRESS-P.M.)

WASHINGTON, April 18.—In a recent conversation with the Japanese Minister, expressed the hope that the Secretary on his trip to the Philippines would be able to visit Japan, and assured him he would receive a hearty welcome. The Secretary said that he had no objection to the programme. It is possible for him to arrange a visit to Japan, an invitation will be tendered him by the Japanese government.

Steamer Refused to Assist.

(BY THE ASSOCIATED PRESS-P.M.)

WASHINGTON, April 18.—The Navy Department has received a report from Capt. Evans of the Sylph respecting the accident to that ship. He says: "Shortly after dark, on the night of the 12th inst., a steamer which I have since been informed is the Oteri, of the United Fruit Company of Baltimore, passed the ship, made tremendous signals to her, and she headed in, passing within fifty yards of the Sylph. I asked for assistance, but she refused to assist. She refused to assist me, did not even slow down, and passed out of sight. I beg that the department take further action in this matter."

DOWIE'S MEXICAN OPTION.

(BY THE ASSOCIATED PRESS-P.M.)

MEXICO CITY, April 18.—John Alexander Dowie of Chicago has closed negotiations and obtained options on a tract of 3,000,000 acres of land in the State of Tamaulipas, where he proposes to found a new Zion City.

ITS CONSTITUTIONALITY UPHELD.

(BY THE ASSOCIATED PRESS-P.M.)

DENVER (Colo.) April 18.—Judge Walter Dixon, in the District Court today upheld the constitutionality of the law of 1907 relating to building and loan associations, under which President E. J. Johnson and other officers of the defunct Fidelity Savings Association have been indicted on charges of making false reports. The law was attacked by Johnson and others on the ground that the Legislative records concerning its passage were incomplete, and it should not be enforced.

Woman who will carry forward to the best advantage the work begun so auspiciously by Mrs. Fairbanks, the president-general.

When the second day's session was called to order, a lively debate developed over a proposition of the Programme Committee not to hold a session of the Congress Good Friday. During the discussion a delegate urged that "the Congress is not a religious parliament," and demanded a vote. Politics was also injected into the proceedings. Finally a vote was reached and the proposed amendment was rejected.

The question of polygamy was raised by Mrs. T. R. Hamlin in her report as Chaplain-General. She urged the marriage of chaplains during the past year 740 chapters had been organized, the increase being 12. The actual membership of the society April 4, 1934, was 42,851.

At the afternoon session, Mrs. M. E. G. Davis, Treasurer-General, presented her annual report. It showed that the current fund received during the past year, including balance at the beginning of the year, was \$38,879; expenditures \$35,000; balance at the end of the year, \$3,879. The total amount collected and made available for the building fund was \$134,542; the total expenditures \$107,500; balance on hand \$27,042.

Nominations of officers for the ensuing year occupied the attention of the Congress tonight, but before they had been completed the hour of the dinner arrived. For the office of President-General, there were three nominations, as follows: Mrs. George Sternberg, wife of former Surgeon General Sternberg of the army; Mrs. Charles Warren Lippitt of Rhode Island and Mrs. Donald McLean of New York.

For the office of Vice-President-General, in charge of organization of chapters, there were but one nomination, Mrs. Charlotte Emerson Main of Washington.

REVOLUTIONARY CHILDREN.

(BY THE ASSOCIATED PRESS-P.M.)

WASHINGTON, April 18.—Mrs. Fred T. Dubois, wife of Senator Dubois of Idaho, was elected president of the National Society of Children of the American Revolution, which began its annual meeting here today.

WASHINGTON BRIEFS.

Dr. Galloway's Inspection.

(BY THE ASSOCIATED PRESS-P.M.)

WASHINGTON, April 18.—Dr. T. B. Galloway, chief of the Bureau of Industrial Hygiene, Agricultural Department, has left Washington on a tour of inspection in connection with the government's rice experiments in Texas, as well as the work being done in California, where he will spend several weeks in the Southern States. Dr. Galloway's itinerary will carry him to California, where he will spend several weeks in the Southern States. Dr. Galloway's itinerary will carry him to California, where he will spend several weeks in the Southern States.

WILL DO THEIR OWN TEAMING.

Chicago Employers Throw Off Union Octopus.

Brutal Assaults Characterize the Ward Strike.

Un-American Boycott in Honolulu Denounced.

(BY DIRECT WIRE TO THE TIMES)

CHICAGO, April 18.—(Exclusive Dispatch.) Thoroughly tired of street blockades and the violence attending strikes, Chicago employers have formed an organization, with plenty of capital, to do their own teaming. The big wholesale and retail houses purpose to take over the street traffic through a central clearing-house, in which the walking delegate, the union "leader," the non-union man and all who desire to work industriously and faithfully for fair wages, will have the opportunity.

At present, laborers, lost of freight are handled daily by teams and 6000 teams are employed for this use. This traffic, it is expected, will be transported at a much lower rate than the existing rates, and with none of the existing annoyances of the strike.

The present movement was given impetus by the strike at the Montgomery Ward plant, where violence has been rampant. A lieutenant of police received a scalp wound from a machete. After a number of arrests had been made, order was restored, though with some difficulty.

About 4000 strikers attended another meeting on the plaza at Ponce, Orators urged strikers to hold out.

At Ponce, strikers were held simultaneously yesterday in the Ponce district. The insular police report that at one meeting an American flag was torn and trampled upon. They attempted to break up the strikers, but were crowded back by the police, clubs and revolvers were used and a number of persons were wounded, including three of the police. A lieutenant of police received a scalp wound from a machete. After a number of arrests had been made, order was restored, though with some difficulty.

THE FIRST SHOOTING.

(BY THE ASSOCIATED PRESS-P.M.)

CHICAGO, April 18.—The first shooting and the most serious assault since the commencement of the Montgomery Ward strike occurred last afternoon at Van Buren and Sherman streets. Charles Ocker, a non-union teamster, was leaving the Atlantic Hotel, when he was attacked by a union picket. Ocker drew a revolver and fired twice at his assailant, but both bullets went wide, and one of them struck Walter J. Higgins, a union leader, who was unloading a wagon half a square away. Ocker was arrested. Higgins' wound is not dangerous.

Shortly after this trouble was over, John O'Reilly of St. Louis, who was working on Van Buren street, near the scene of the shooting, was arrested by union teamsters and beaten into insensibility. It was believed by the teamsters that he had been working for the union, and they had no intention of doing so, and until the strike at Montgomery Ward's.

The firm experienced less difficulty today in delivering goods than at any time since the commencement of the strike. All their wagons made trips to the docks and delivered their goods, and none of them was molested.

The deadlock between the teamsters and the employers continues and there is no indication of a truce. The officials of the teamsters' union declared today that they had no intention of making a truce, and that they would continue to support the strike.

STRIKE OF SOLEMAKERS.

(BY THE ASSOCIATED PRESS-P.M.)

TOPEKA (Kan.) April 18.—Neutral Santa Fe shippers say that there were from ten to a dozen less old-time workmen at the shops when the strike began today. The strike was not a general one, but was confined to the Santa Fe shippers. The strike was not a general one, but was confined to the Santa Fe shippers.

STRIKE RIOTS AT LIMOGES.

(BY THE ASSOCIATED PRESS-P.M.)

PARIS, April 18.—The strike riots at Limoges are developing international features at the Haviland factory, employing 10,000 men. Some 2000 men, including Theodore Haviland and Charles Haviland, Americans, are the proprietors. Ambassador Porter is taking active steps to ensure the protection of the factory and the workers. He conferred with Foreign Minister Delcasse today concerning the precautionary measures which the government is taking.

THE SITUATION IS COMPLICATED BY

strong Socialist opposition to the government. The situation is complicated by strong Socialist opposition to the government.

CLARENCE COMPANY GETS BIG CONTRACTS

(BY THE ASSOCIATED PRESS-P.M.)

CLEVELAND, April 18.—The Clarence Company has secured big contracts to build rolling-mill and blast-furnace plants in Orient.

NEW YORK, April 18.—Important

contracts have been closed for the construction of a steel mill to be built in China, and also for Japanese steel-wire-drawing, rolling-mill and blast-furnace plants. A Cleveland, Ohio, company secured the contract through its New York office.

The work entails an expenditure of upward of \$2,000,000.

The company which is to build a plant in the vicinity of Shanghai has ordered a lot of machinery, including an electrically-operated furnace-charging equipment.

The contract for the Japanese steel-wire-drawing mill is the first of its description ever let in the Far East.

Another Japanese contract calls for all the machinery necessary to go into a large rolling-mill plant and blast-furnace plant to be built in connection with the government arsenal at Kure.

DEATH VALLEY RICHNESS.

(BY THE ASSOCIATED PRESS-P.M.)

TREASURER OF DENVER DRY GOODS COMPANY Says He Believes Millions of Gold in Death Valley.

(BY DIRECT WIRE TO THE TIMES)

DENVER, April 18.—(Exclusive Dispatch.) Charles T. Austin, treasurer of the Denver Dry Goods Company until recently, when he retired to engage in mining, today made public a rich belief in the gold wealth of Death Valley, and several associates. The property is located in Nevada, near the California line, and on the edge of Death Valley.

Austin says that when simple machinery is placed, \$1000 can be taken out daily, and believes there are millions in the property. It was acquired by him from the original locater, Austin's associates are William H. Weber, a hotel proprietor here; W. H. Wells, an attorney in San Francisco; G. E. Blair and F. H. Lathrop of Salt Lake City. Austin is reliable.

desire renewal of the contract. The employers are willing to pay union wages, they say, but are opposed to any formal agreement, so that a strike is considered likely.

SOUTH CAROLINA'S NEEDS.

(BY THE ASSOCIATED PRESS-P.M.)

GOOD MARKET FOR LABOR. NEW YORK, April 18.—An office has been established here by the State of South Carolina for the purpose of obtaining its share of this city's surplus labor. Col. E. S. Watson, State Commissioner of Immigration, formally opened the headquarters.

"We are looking not alone to the rehabilitation of agriculture in South Carolina," he said, "but to a broader mineral industry in which we have valuable properties. We are offering good investment for capital, and the State is seeking that they are able to use the money offering good lands cheaply to those looking for homes, and offering employment to agricultural laborers, servants and the like, in positions wherein they will have opportunity to save their earnings and in a few years become independent."

"I believe we are solving one of the great economic problems of the country," he said, "and that a desirable solution of the negro problem and in assisting the general government to avoid many of the economic questions accompanying the great influx of foreigners, which has become a menace to the larger centers of population."

BLOODED IN PONCE.

(BY THE ASSOCIATED PRESS-P.M.)

RIOTS ATTENDING STRIKES. SAN JUAN (P. R.) April 18.—Bloodshed and rioting were held simultaneously yesterday in the Ponce district. The insular police report that at one meeting an American flag was torn and trampled upon. They attempted to break up the strikers, but were crowded back by the police, clubs and revolvers were used and a number of persons were wounded, including three of the police. WHIPPING TO HOT FINISH.

Hays Prosecution Springs Three Sensations.

Shielding Chink Arrested, Admission Recited.

Old Low Sam Loyal to the Bitter End.

The arrest for perjury of a witness who tried to shield Hays. The recital of a fatal admission on the part of Hays.

A sensational attempt to show that Superior Judge Noyes of Riverside was doctoring up his testimony, with the assistance of other people.

Thus came the Hays prosecution whipping to a blazing finish yesterday. With a touching devotion, worthy a better object, poor old Low Sam, steward of the Riverside Country Club, went on the witness stand and perjured himself like a gentleman for Hays, who had been civil to him.

After all Hays's other friends had deserted him, and some had turned against him, it was this poor meek, loyal old Chinkman who was true to his unclean idol.

When Hays was a fugitive hiding from the officers of the law, old Low Sam loaned him \$500—probably all the money he had in the world.

Yesterday, in the face of the men to whom he had previously told a diametrically opposite story, the Chinkman blandly swore that Hays never was a fugitive.

Low Sam had found out, since telling the first story, that it is not a desirable thing, when one has robbed a bank, to be a fugitive from justice.

Wherefore he told it to the White Devil lawyers that his friend Tom had not been a fugitive from justice. Low Sam was undisturbed in serenity when the previous stories were recalled to his mind.

After court adjourned, he was arrested. He was but one of several called to tell the jury of the sensational flight of Tom Hays after the defalcations became known, and of his subsequent confession, or what amounted to that, in the Riverside courtroom.

Sheriff Coburn of Riverside county was the first witness.

He told of getting the Hays warrant Monday, March 21, and of not being able to find Hays until the following Wednesday, when he arrested him at the Riverside Country Club.

The Sheriff had been before at the club, but Low Sam had lied to him, telling him Hays was not there.

HIDING OF HAYS.

It is said that, during a part of the time the worthy Sheriff was industriously scouring the country, Hays was hiding in the Sheriff's barn.

Nothing was said about Hays's fascinating widow friend who shielded him.

The man who informed the Sheriff of Hays's desire to surrender himself was F. T. Morrison, a Riverside druggist, who was also a witness.

He said that he went out to the club that Wednesday, Low Sam told him someone wished to see him.

He was conducted upstairs to an unfinished attic room in the clubhouse, where he found Hays. He had been reading the papers and wanted to give himself up.

Witness took a message from Hays to Judge Noyes of the county, from which message resulted the new warrants taking the Hays case out of the court of Justice Stephenson and into Judge Noyes's court.

It was for the object of corroborating some of this that Low Sam was called.

LOW SAM'S SUCCESS.

As a liar Low Sam was a heroic success.

he had been working around the clubhouse all that day and only saw Hays occasionally when he was called to his room on some errand.

Before Sam left the stand, Mr. Valentine shot back at him a question even more potent with suggestion.

"Did Mr. Hays pay you any more than \$500?"

"No," said Sam.

The District Attorney was then put to the painful job of crucifying his own witness, the illustrious Sam.

Mr. Morrison was recalled in order to show that Sam had told another and vastly different story to him.

ANOTHER STORY.

According to Morrison, Sam's first story was that Hays had stayed around the clubhouse Tuesday and then, as the Sheriff said, to the front door, he went out the back; also that, as people began to come to the clubhouse Wednesday, Hays retired to the attic room and stayed there.

He said that when he went to the clubhouse Wednesday, Sam came to him and cautioned him to speak very low; then said there was someone who wanted to see him; with that, he conducted Morrison upstairs to Hays's attic room.

Mr. Morrison could not be made to admit, however, that Sam had subsequently taken the District Attorney and himself up to the attic room and told them all about it.

Sam lingered, blandly smiling, around the corridors all afternoon, and was arrested after court adjourned on a complaint sworn to by Mr. Valentine.

NOYES'S BLOW.

Judge Noyes delivered a stinging blow against the defense and against back, hot and stinging, himself on cross-examination.

He told about Hays's arraignment on four charges in his court.

Hays had sent Morrison a note asking him to see W. A. Purington, the attorney, and get the criminal actions transferred from the justice court into Noyes's court.

Hays was pained to learn that he must give \$10,000 bonds on each of the charges; he wanted the bond fixed at \$10,000 for all.

He expostulated with the court and asked that Mr. Rouse, the vice-president of the bank, be sent for and induced to consent to a lower bond.

When Rouse came, they talked it over and Rouse would not consent.

Why, Hays, he said, "you have taken \$80,000 from us."

"Is it as much as that?" gasped Hays.

"You know how much it is," retorted Rouse. Hays said that he would pay it all back if they would let him out of jail, but said he couldn't scour around among his friends if locked up.

TALKED IT OVER.

Earl Rogers sat glaring at the witness while he was testifying.

"Have you and Rouse been comparing what your testimony would be?" he asked, sternly.

Judge Noyes looked pained and said they had talked it over two or three times.

THE COST OF THE CANAL.

Treasurer Roberts Does Not See the Need of Bonds.

Necessary Annual Expenses Not Yet Determined.

Our Per Capita Bonded Debt Less Than Any Nation.

BY W. W. PRICE.

(SPECIAL CORRESPONDENCE OF THE TIMES.)

WASHINGTON, April 1.—The public debt of the United States, that upon which interest each year amounts to nearly \$25,000,000, is \$98,157,530. If bonds for the construction of the Panama Canal are issued in a year, the total will go above \$1,000,000,000, reaching a larger figure than at any time since away back in the eighties.

There is opposition, however, to issuing bonds at this time, as the government still has considerable cash deposited in national banks.

"I do not see any reason to issue bonds to provide money for the construction of the canal for many years to come," said Ellis H. Roberts, United States Treasurer, while talking on the general subject of the amount of the bonded debt of the United States and the annual payments of interest resulting therefrom.

"We have \$80,000,000 deposited in national banks bearing no interest. It is obvious that there would be no good business reason to issue bonds bearing 4 per cent. interest when we could make use of the cash that belongs to us. We do not need a working balance in the treasury of over \$50,000,000. We have at this time approximately \$45,000,000, which may be in excess of what we need."

One of the first steps before any work could be done by the United States was to pay the Panama Canal Company \$100,000,000 for the rights, franchises, etc., and the next was to give the republic of Panama \$10,000,000 for the work of the project.

Most of this was withdrawn from deposits with national banks, the total cash belonging to the treasury of the United States having been as much as \$168,258,716 on December 31, 1929.

Secretary Shaw has been forced to make withdrawals since that time, owing to the close margin between receipts and expenditures, until the total is now down to about \$50,000,000.

Of the \$10,000,000 appropriation to carry on the work of the canal, the expenditure to this time is less than \$1,000,000.

Admiral Walker's idea is to appropriate \$50,000,000 to carry on the work of the project for two years longer, unless the government is able to get more laborers than now seem to be in sight.

The government is willing to spend money fast if it can secure speedy work.

ment would have to pay as requested.

"Where are the government securities held?"

"Of the total now outstanding the large sum of \$53,281,000 is owned by national banks of the country. They use the bonds as security for circulation and public deposits. They greatly prefer the 2-per-cent. bonds, which now amount to \$42,000,000 of our total indebtedness."

Our interest-bearing debt is, consequently, the basis of the circulation of our national bank notes. Without our national debt our scheme of security for the circulation of national bank notes would have to be changed completely by Congress.

Mr. Roberts called attention to the fact that there is a debt of \$1,417,320 upon which interest has long since ceased. "This debt is made up," said Mr. Roberts, "of bonds that have not been presented for redemption. The government of the United States fixes no time limit upon which one of its bonds shall be presented for payment. It simply makes the interest cease at a certain time. If possible a bond could be preserved many hundreds of years and would have to be paid when presented. Yes, much of this debt on which interest has ceased since maturity will be presented for payment. Nearly \$1,000,000 of it is made up of debt that matured prior to January 1, 1861, and items since that time. But occasionally some of these obligations come in. We had quite recently a matter of \$1000 or more of notes that had been issued prior to 1861. They were sent in with an affidavit that the money had been put away on a rather in an attic. Some of it decayed by sheer age, moisture, etc., and crumbled to dust, but most of it was recognized and was redeemed. We often have cases of this kind. You will notice that there is still outstanding of the 4-per-cent. bonds that matured February 1, 1904, a total of \$240,000. These are held by various people and will drift in interest has ceased. We know of one bank in the country that owns \$100,000 of the bonds, but holds on to them. We cannot imagine why this is so. In the majority of instances the bonds are held by trustees of estates that are being wound up. The trustees do not care to sell the bonds, and are responsible for cash, so they hold on to the bonds. A percentage of the bonds have been lost, burned or misplaced. Misers keep them away and die without revealing their hiding place, but might as well people make way with an obligation against the government pays nearly all it owes."

The Canal Commission has not yet reached a point where it is able to estimate the amount of money it will spend each year upon the waterway. Chief Engineer Wallace is still engaged in making estimates of the work to be done. The Spooner Bill, which was looked upon as a tentative measure, passed Congress June 25, 1922, made an appropriation of \$10,000,000 to carry on the work of the canal. It made an appropriation of \$20,000,000 to pay the Panama Canal Company for its property and the republic of Panama for the important concessions that were granted. One of the first steps before any work could be done by the United States was to pay the Panama Canal Company \$100,000,000 for the rights, franchises, etc., and the next was to give the republic of Panama \$10,000,000 for the work of the project.

THE CITY IN BRIEF.

NEWS AND BUSINESS.

Voluntary Bankrupt.

A. Deveschio, a merchant of Fresno, yesterday filed a petition with the clerk of the United States District Court, asking to be declared a bankrupt. His assets amount to \$190, and his liabilities are \$582.

Buys on Figueroa.

M. W. Binkiron has sold to an eastern investor, through Wright & Callender, 10x165 feet, on the East side of Figueroa street, Nos. 920 to 930, with three-story frame apartment building, consideration named, \$25,000.

An Investment.

E. H. James sells to Neil Colgan, through the agency of the C. J. Heyler Co., No. 1361 South Flower street, house of fifteen rooms with plot of ground 16x115 feet to 20-foot alley, being 400 feet south of Pine street. Bought for an investment; consideration named, \$20,000.

Los Angeles street Deal.

Walter E. Cuthbert sells to Isaac Lowman, Isidor Cohn and Oscar Lawler, through the agency of Black Bros., 10x115 feet on the west side of Los Angeles street, 250 feet east of Seventh street, with one double and two single dwellings, No. 729 to 735 South Los Angeles street; consideration named, \$42,500.

Heart Trouble.

Charles Howe, a Southern Pacific brakeman whose sudden death at the Soldiers' Home was the subject of a mystery at the time, died of fatty degeneration of the heart, so a coroner's jury decided yesterday. Howe evidently dropped on the track and was struck by the engine returning from Santa Monica.

Co. A Elects.

Co. A, Seventh Regiment, N. G. C., held its election last night at the Armory. Lieut. A. J. Copp was elected captain, Second Lieutenant Holden was advanced to the first lieutenant, and First Sergeant Bert T. Demmitt was elected second lieutenant. Co. A will give a military ball Tuesday evening at the Armory in honor of the new officers.

South Side.

At a meeting of the South Side Improvement Association held Monday night at Sausman Hall, it was decided to petition the City Council for a school site and building to be located in the vicinity of Moneta and Vernon avenues; a fire-engine house near the same point, and a fire play and educational and larger water mains through the district; the distribution of gas mains and other much-needed improvements.

"Pennamites" Meet.

Preliminary action on the annual June picnic was taken by the Pennsylvania Society at a meeting last evening at Victoria Hall, No. 1254 South Spring street. It is expected that at least 1500 persons will attend the outing, the exact time and place of which have not yet been determined. In the parade of counties last evening, Allegheny, as usual, carried the honors for largest attendance. The usual musical and literary programme, with dancing, was observed by the group.

Some Grain Rust.

"Early-sown grain is showing some rust in a few localities," says the Weather Bureau's weekly crop bulletin for Southern California. In the northern section a fine crop of wild oat hay is being harvested, and heavy crops of barley and alfalfa are elsewhere. Reports indicate an apricot crop ranging from fair to poor, and an unfavorable outlook for peaches in places. Apricots were damaged by heavy rains during the period of bloom. More sunshine and warmth are desirable, though in some sections a rain to moisten the surface of the soil would be beneficial.

Entertainers Baron.

Baron Alphonse Rothschild of Austria was the guest of Col. and Mrs. J. R. Lankershim last night at the opera, together with Paul de Longpre, Mrs. Bostwick and Miss Talbot, who are guests at the Lankershim Hotel. After the opera, an elegantly appointed supper was served for the party in Col. Lankershim's private dining parlor at the hotel bearing his name. During the day, the Baron drove with Col. Lankershim to the San Fernando ranch, where he was received in the perfume of blooming deciduous trees, later paying a visit to the Hollywood studio of M. de Longpre.

Local Knights of Columbus held a meeting last night at Mammoth Hall to further plans for the coming Supreme Council in Los Angeles the first week in June. From all parts of the United States come enthusiastic reports of throngs of Knights who intend visiting the Angel City at that time. W. E. Hampton, Grand Knight of the Los Angeles Council, has just returned from an extended trip to Europe and he addressed the meeting, bringing word of a throng to come from San Francisco and points around the Bay. A \$12 rate for the round trip has been made by the railroads. Reports from the north state that the Knights there intend expending \$10,000 on the entertainment of the visitors the week after their return here.

BREVITIES.

The volume of "Liners" in the Sunday Times has become so great that it is found necessary to ask patrons to get their Sunday advertisements in earlier; especially Sunday. Real estate announcements, which in order to be printed must be in the office not later than 10 o'clock Saturday night. The printing of all real estate matter, including advertisements, in a part by itself on Sundays involves somewhat slower press work, making it essential, in order to get the paper out on time, to stop receiving real estate ads at 10 o'clock Saturday night. Dealers will confer a favor on The Times office if they will turn in Sunday copy on Fridays, when possible, or at least on Thursday. Sunday "Want" ads will still be received by phone and over the counter until 11 o'clock Saturday night.

The ladies' rest room on the top floor of the new wing of The Times' Building is open daily from 9 to 5. Ladies from town or country will find this a convenient place to write, rest or read. Stationery provided for correspondence. Both 'phones available. Take elevator in business office. All are welcome.

Easter sale and entertainment at Unity Church, 925 S. Flower st., April 19 and 20. Sale of fancy articles begins at 2 p.m. Admission free. Music and entertainment at 8 p.m., followed by dancing and refreshments. Admission \$2. Children, 50c.

Pipe-organ recital, Doyle Heights Presbyterian Church Thursday evening, April 26, 8 p.m. E. S. Fuller of Boston, organist; Miss Paul of Kansas City, soloist. Occidental College male quartette.

Rehearsals for the Innes May Festival Chorus take place every Tuesday evening at 7:45 at Birkel's Hall, 845 S. Spring street. Applications of singers will be received there.

For sale—Furniture, carpets and draperies, piano and pianola, complete, in an eight-room house, near Westlake. Inquire 212 West Sixth street. Phone 812.

Finest 25c dinner in city at Hotel Rosilyn, 423 S. Main st., Hart Bros., props.

There are undelivered telegrams at the Postal Telegraph Company for C. F. Platt, Dr. N. Z. T. F. H. Muddy, Henry A. Wilson, I. E. Carle, Ida Scott, Mrs. E. H. Cooney, E. P. Charlton, P. Headquist, Mrs. J. N. Moore and E. B. Drake.

KELLOGG NOT DISAPPOINTED.

HE ANTICIPATED THE SUPREME COURT'S DECISION.

Former Public Administrator Not Entitled to Pay for Estates Settled up by Him Since Expiration of His Term of Office—His Claim for Commissions Disallowed.

"The decision is just as I expected, and I am not at all disappointed with the outcome of the case," said former Public Administrator Kellogg yesterday on being informed that the Supreme Court had decided against him in the matter of claims for fees amounting to \$4857.72.

"I still maintain that I should be entitled to the money as a matter of equity," continued the former Administrator, "but the court, I presume, rendered a cold-blooded decision in accordance with the letter of the law, and I cannot see that there is anything for me to do, but to grin and bear it."

The money claimed by Kellogg was for commissions alleged to have been earned by him in administering eight estates after the expiration of his term of office. The court said no provision for commissions alleged to have been earned by him in administering eight estates after the expiration of his term of office. The court said no provision for commissions alleged to have been earned by him in administering eight estates after the expiration of his term of office.

Whenever there is a change in the office of Public Administrator there are invariably some unsettled estates left on the hands of the retiring official, which it is his duty to clear up before he can be discharged from his official bond, but the law makes no provision for compensation for the labor entailed in the settling up of these estates.

When Kellogg turned over the office to his successor, there remained under his jurisdiction for final settlement more than a hundred estates in various stages of administration. He stated yesterday that the first year he was out of office he devoted his entire time to this unfinished business, and required to keep in force his \$50,000 bond. The second year more of his time was his own, and he had all his hold-over cases cleared up now but one.

As he made a pretty good thing out of the office while he held it, Kellogg is not complaining about this extra work; still, as a matter of abstract justice, he considers he should be entitled to retain the commissions which the Supreme Court has decreed he must relinquish.

FIGHT ON REBATES.

Life Underwriters at Quarterly Meeting Decide on Committee to Work for Such Legislation.

Steps toward the securing of anti-rebate legislation as pertaining to life insurance agents in California were taken yesterday at the quarterly meeting of the Los Angeles Life Underwriters' Association. A committee of five was decided upon, with H. Haskell, president of the association, as chairman, and this committee, when organized, is expected to initiate the movement throughout the State.

Members of the association said after the meeting that they hoped to see auxiliaries of the National Life Underwriters' Association formed in San Francisco and other cities, in addition to that in Los Angeles, and, at the next meeting of the Legislature, to have passed a bill that will make the giving of rebates illegal and punishable as a felony, as is the case in some Eastern States.

With more than 500 insurance agents in the city of Los Angeles, it is said the rebate evil has grown to large proportions, and that the stoppage of the practice is necessary for the protection of the agents, as well as for uniform treatment of the insured.

On one or two previous occasions, it is said, ineffectual efforts have been made to obtain anti-rebate legislation in the California Legislature. With organized work, it was said by agents yesterday, there should be better success.

After the business meeting, members of the local association, which numbers nearly one hundred, were guests at a banquet at the Van Nuys Broadway Hotel. It was the first ladies' night in the history of the organization, and many of that sex were present.

Present Haskell acted as toastmaster in the absence of Rev. Robert J. Burdette, who was unable to fill his appointment, and Rev. Arthur S. Phelps made an excellent address on "The Value of Life Insurance." There also was an enjoyable musical and literary programme.

Officers of the association in addition to the president, are: J. W. Whittington, vice-president; F. F. Falls, treasurer, and Frank F. Pratt, secretary.

VENTURA.

"MOBE" WOULDN'T SWIM. (SPECIAL CORRESPONDENCE OF THE TIMES.) VENTURA, April 10.—A Los Angeles party of automobilists, with two huge machines, tried to cross the Ventura River at Casitas Pasa yesterday, but failed, and had to return to Los Angeles. The party consisted of Messrs. H. T. Hazard, E. M. Clinton, Harold Stone and Robert Hamilton.

The party was on a run from the metropolis to Santa Barbara. They reached the Casitas crossing in good shape, and ahead of time. The water was pretty deep, but Clinton was not to be deterred, remarking that his machine could swim as well as run. He plunged boldly into the stream.

Hazard, in the second car, watched and waited. Clinton struck the deep place, the water reached the car's headlights and the Clinton machine refused to move. Hazard hopped out and pulled the disgusted party out. Most of the night was then put in resuscitating Clinton's machine and the whole party turned about face for the south. They reached Ventura at cockcrow, weary and bedraggled, but with strength enough left to say things loud and deep and to swear they would never come this way again until Ventura bridges its river.

VENTURA BRIEFS.

The wedding is announced of Miss Lena Electa Cannon, daughter of Hon. Marion Cannon, and James Russell Walker, on the 25th inst. The ceremony will be held at the Cannon home in the Mound.

Lee Curzon, the little fellow who was so badly burned a week ago by the accidental overturning of a lamp, died of his wounds late Saturday evening at his home on Ventura avenue.

Cunningham and O'Connor, Funeral Directors, have removed to No. 101 South Grand avenue. Both 'phones 62.

Castanien Undertaking Co., No. 125 South Grand, lady attendant. Telephone Main 602. Home 302.

Easter Millinery \$7.50
Extra Special. Millinery Stores Ask \$12.50

As an extra special for our millinery department we have taken four of the season's most popular shapes—
Marquise Charlotte Corday
The Maxine Elliot Polo Turbans

These are wanted shapes, come in chiffon, fancy mercerized braid, mohair braid, and are trimmed with flowers, ribbons, silk ornaments, etc. in the most fetching and becoming ways. Exclusive millinery houses ask \$12.50 for this same grade of hat. As an extra special Easter offering we have marked them \$7.50.

All Millinery Reduced
In addition to the above great special we have also made Easter reductions on our entire stock of millinery as follows:

\$10.00 Easter Hats	\$7.50
\$12.50 Easter Hats	\$9.50
\$15.00 Easter Hats	\$10.00
\$17.50 Easter Hats	\$12.50
\$20.00 Easter Hats	\$15.00
\$25.00 Easter Hats	\$20.00

Pongee Coats
Regular \$15.00 Values **\$10.95**
These exquisite garments are made of an excellent quality of pongee with deep, fancy colored collars and fancy full pleated backs. They are one of the most popular garments of the season and especially suited for California wear. Instead of \$15.00, extra special for Wednesday \$10.95.

More Silk Suits Added to Big Sample Line
Continuation Sale
If you have not yet secured one of those beautiful sample silk suits you cannot afford to day longer. About forty new suits arrived yesterday and these have been included in the sample line making a variety that fully equals the first lot which went on sale Monday. Both jacket suits and shirt waist suits in the lot, in all the wanted colors and styles, and different from anything hitherto shown in the city.

\$12.45 for Silk Suits worth	\$15.00
\$21.75 for Silk Suits worth	\$30.00
\$17.50 for Silk Suits worth	\$25.00
\$29.50 for Silk Suits worth	\$35.00

Another Popular Neckwear Sale
All the New Styles for Women
You remember the big sale of neckwear we conducted during the holidays. This is a similar "one-quarter what you would pay regularly." It is not only a collection of styles that will be shown in the city this season, but some of the prices are only one-quarter what you would pay regularly.

In the lot are awl and linen turn-over collar and cuff sets, dainty lawn stocks in various colors, some trimmed with ribbon, others with braid. You will be almost bewildered by the variety of colors and styles shown in the lot.

Lot 1.—9c for Neckwear worth	25c
Lot 2.—25c for Neckwear worth	75c
Lot 3.—35c for Neckwear worth	1.00

(NEWS REPORTS FROM TIMES CORRESPONDENTS.)

HAM YING NO GOOD AT HA HA.

HEAP POOR JOKE IS TURNED OUT BY ORIENTAL.

Miss Mabel Higgins, Tennis Champion, is engaged to a Chicago man. City Attorney Willett Re-signs—Court-martial May Grow Out of Shooting of Fox Terrier.

PASADENA, Office of The Times, No. 12 South Raymond Avenue, April 19.—The case of Ham Ying vs. Joseph Nichol in Justice Klamroth's court yesterday afternoon exemplified how foolish it is for a heathen Chinese to tackle a blase thing known as humor. Ham tried to be funny and the result was that Nichol damaged him to the extent of \$25, or at any event that is the sum for which the Chinese sued.

About three months ago Ham, who follows the humble profession of peddling vegetables, sold to Mrs. Nichol at her home, at No. 408 North Fair Oaks Avenue, a few tomatoes. As he looked them from the basket the appearance of one which had an abnormal growth on one side seemed to tickle him.

"All same baby," he remarked. But Mrs. Nichol did not see the humor of it. Instead she felt insulted and reported to the head of the family, who by some process of reasoning concluded that he was insulted. Too so he laid for the pig-tailed humorist and when the latter arrived, Nichol, as it is alleged, pulled him off his seat, threw him down in the road, cursed him and perhaps kicked him, though witnesses differed as to the latter truth. Ham had his head and neck bruised for battery and Nichol pleaded guilty and was fined \$5.

But that wasn't all. The joke gentleman from the Flowery Kingdom had to pay \$25 to a doctor, as a result of the little joke, and this sum and a little additional to settle his injured feelings that Ham Ying thinks is due him. Justice Klamroth took the matter into consideration and will have the Chinese humor expert tested in hopes of deciding whether his remark was a joke or an affront.

MISS HIGGINS ENGAGED. An engagement which will be of considerable interest to Chicago and Southern California society is that of Miss Mabel Higgins, to Charles N. Fowler, Jr., which is being celebrated for the first time. Miss Higgins is the Southern California woman golf champion, and for several seasons has been a regular member of Pasadena's social club.

She is the daughter of Mr. and Mrs. W. Higgins of Chicago, who spend winter at Hotel Green as a rule. Her father is a well-known business man on South Main Avenue. Miss Higgins is a young woman of beauty, accomplished, and it is while here and in Chicago will learn her betrothal with a pang of regret. Mr. Fowler is a son of United States Senator Charles N. Fowler of Illinois. The young couple met at Pasadena, Cal., two or three years ago. Mr. Fowler visited at the Higgins home for six weeks this winter. He, too, is a well-known man, and it is said that he will be a member of the law firm of Fowler, Rogers and Co. in New York. Mr. and Mrs. W. W. Burton, who returned to their eastern home.

CITY ATTORNEY RESIGNS. City Attorney C. J. Willett presented his resignation yesterday and it was accepted by the City Council, to take effect May 1. Willett, after his communication that he had resigned about a year ago and reminded the council that when they prevailed upon him to withdraw it he had agreed to remain only until the expiration of the present Council's term.

He expressed himself as having been well pleased with the association which he had in a good word for his assistant, Attorney Robert McDonald. Willett said he believed McDonald should be retained and he hoped that McDonald's resignation would be prevented. He also stated that while he had agreed not to resign during the present Council's term, he would not be bound by the agreement if he were to be re-elected.

It is the popular belief that Justice Klamroth will succeed to the position of City Attorney. The popular belief is that Justice Klamroth is one of the leading spirits in the "select Waterhouse's campaign" and his friends predict that he will have considerable experience in municipal legal departments. The new Mayor, however, has not pledged himself to any appointment and he has not yet announced his intention.

The Council yesterday decided to advertise for \$500 to \$1,000 barrels of oil for sprinkling purposes. They hope to get it at about 50 cents per barrel. This should lubricate the city's streets and it will all be spread the same day.

War has been declared by local grocers and fruit men against the peddlers of cheap bananas who have become unusually conspicuous this year. A petition was filed with the Council yesterday requesting the passage of an ordinance requiring these vendors to pay a license fee. The petition was referred to the Ordinance Committee.

ORIN H. HAYES, the new member of the board, made his debut yesterday. He was graciously received.

BRIDE'S SHOWER. The latest function given for Miss Mabel Higgins was that of yesterday afternoon, and was the most unique and interesting of the kind. It was a luncheon and it was in the high rooms of the Hotel Green. The guests were introduced and the appointments were most elaborate. The luncheon was served in the high rooms of the Hotel Green. The guests were introduced and the appointments were most elaborate. The luncheon was served in the high rooms of the Hotel Green.

OPEN SHOP IN LONG BEACH.

TOTEM AGITATORS FAIL TO RUN THE "TELEGRAM."

Eight Thousand Dollars and More Assured for the Y.W.C.A. Building. Mackerel Are the First Fish to Bite Well Since the Storm and Many of Them Are Caught.

LONG BEACH, April 18.—Long Beach, tripling its population in three years, has until now been free from labor troubles, but the bogey of the walking delegate has cast his shadow and made his first bluff, which was promptly called.

Two weeks ago the Long Beach-San Pedro printers' union was organized in San Pedro with fourteen members by Penney, and the scale adopted. The organization contains about all the journeymen printers in both cities. Quietly they went to work Monday morning. Their organization was an open secret, but no official notice was given the three offices, Saturday night when the time sheet of the Telegram reached the business manager's desk. It was noticed that price and a half strike had been overthrown.

His attention was called to this, that he arrogantly said that the union could demand the scale adopted by the business manager. He then called for his demands, and then Editor Roberts said himself to Los Angeles on business. Yesterday morning the old force found itself on the sidewalk with nothing to do.

Manager Penney and Editor Roberts when seen today said that there was no strike or lockout. One of the men was discharged for insubordination. The other because of friction with other employers. Their places have been filled, and not an issue has been given.

Said Mr. Roberts: "We are not antagonizing anybody, but the Telegram will be an open shop. The rules and regulations of the office will be treated as valued employees. Those who do not will not be tolerated."

FOR Y.W.C.A. BUILDING. Twenty earnest and active Young Women's Christian Association workers were hustling today in an effort to raise the last of the \$20,000 necessary to hold the \$2000 lot donated three months ago by a company of business men for the use of both branches of the Christian Association.

As a result of last night's play in the handicap club tournament of the Compositel Whist, Foote and Julian are leaders, Klein and Kimball second, and Wilson and Brown third. George C. Flint and C. Malone are the local delegates to the Grand Commandery, Knights Templar, in session in San Francisco.

The Polytechnic High School of Los Angeles will picnic at the beach on Saturday afternoon. The picnic will be held at the beach on Saturday afternoon. The picnic will be held at the beach on Saturday afternoon. The picnic will be held at the beach on Saturday afternoon.

At the county league field meet on Saturday Long Beach will be represented by Hall in the weight events, Smart in the mile run, and Richards for the broad jump, the 220 and 440-yard dashes.

W. I. Clapp, while on the beach near Terminal yesterday, found a sturgeon stranded. It was four feet long, weighed seventy-five pounds. Mr. Clapp extracted the stinger for a souvenir.

Since the storm fishing has been a lost art on the pier. This morning, however, the mackerel were biting lively, and the fishermen caught nearly 600, others doing fairly well. The sardines are also coming back, but are still timid.

REDONDO. NEW RECORDER APPOINTED. REDONDO, April 18.—At a meeting of the Board of Trustees held last evening, the resignation of Mr. Devore as City Recorder was accepted and J. Whomes was appointed to fill the vacancy.

An estimate of \$20,000 was brought in by the City Engineer in reference to the cost of the building of the proposed City Hall. This includes provision for a library and fire department. The City Attorney was instructed to draw up the necessary resolution calling a bond election for city hall purposes.

Mr. and Mrs. P. S. Venable, Mr. and Mrs. J. H. Cavanah, and Mr. and Mrs. O. C. Hinson formed a party that left here Monday for an outing at Monticello Springs.

The steamer Francis Leggett arrived from San Francisco yesterday with a part cargo for the Ganahl Lumber Company. She sailed this evening for San Francisco with thirty-five passengers.

The steamer Queen arrived from San Francisco yesterday with 153 tons of merchandise and ten passengers. The steamer Dispatch arrived from Gray's Harbor yesterday with a cargo of lumber for the Montgomery & Muller Lumber Co., and the Ganahl Lumber Company.

OTHER DEATHS.

JAMES H. WILLIS, late Co. E, First United States Artillery, a native of New York, admitted to Classville, Cal., in 1897, died April 18, aged 67.

James H. Shepherd, late Co. I, Tenth Missouri Infantry, a native of Ohio, admitted from Salt Lake City, Utah, in 1902, died April 17, aged 64.

Theodore Rutenbrenner of Germany, admitted from Los Angeles, N. M., in 1904, died April 17, aged 63.

Henry J. Roberts, late sergeant-major of Pennsylvania Infantry, admitted from Manhattan, Colo., died at San Diego while on furlough, March 8, aged 74.

POMONA. EARLY SETTLER DIES. POMONA, April 18.—William L. Farley, for twenty-three years a resident of Pomona, died at his home Monday.

Mrs. M. L. Kaufman of Plano, Tex., a sister-in-law of Superintendent of Schools, P. V. Kaufman, is visiting in Pomona. She is a writer for magazines and is a grand daughter of Sam Houston.

Oliver Layne has gone to Santa Paula to supply in the schools there.

LA CANYADA IN WATER WAR.

PACKING-HOUSE PIPE LINE IS UNDER CONTROL.

Owner of the Gould Castle Disconnects the Conduit and Manager of the Fruit Establishment Takes a Gang of Men and Restores the Connection.

LA CANYADA, April 18.—The packing-house here did not open Monday or Tuesday morning. The reason was that water, which was used to generate the power to run the packing-house, was disconnected by the city of Los Angeles. The city is in a water war with the packing-house.

It seems that there was a suit brought by Emilie and W. C. Cohen against La Canyada Land and Water Company, about two years ago, whereby the plaintiffs sought reparation for alleged illegal usurpation of water in the Durham cañon. A decision was rendered by Judge Trask whereby the plaintiffs were granted some water in the Durham cañon. But the case was appealed to the State Supreme Court.

When the pipe was disconnected by Cohen, A. C. Knight, manager of the packing-house, immediately got legal aid and a writ of injunction. He took a force of men and reconnected the pipe. Mr. Knight, who is the keeper of the cañon, claims that the work was done in a lawful manner.

Mr. Knight said in regard to the packing-house, immediately got legal aid and a writ of injunction. He took a force of men and reconnected the pipe. Mr. Knight, who is the keeper of the cañon, claims that the work was done in a lawful manner.

WEIGHTS ABOUT THIRTY POUNDS.

THE RELIC IS A RARE ONE, AS FEW MORTALS ARE FOUND IN STONES OF BOULDER SHAPE. CELEBRATED COLLECTIONS OF INDIAN RELICS CONTAIN ONLY AN OCCASIONAL ONE OF THIS DESIGN AND THEY ARE CONSIDERED AS AMONG THE OLD-TIME CURIOSITIES.

ONE HAS BEEN ACQUIRED BY SCHUYLER COLE.

OCEAN PARK.

SLOW ROAD IS SPEEDWAY.

OCEAN PARK, April 18.—At their meeting last night, the city trustees listened to complaints relative to the almost impassable condition of the alley known as Speedway and forthwith passed an ordinance establishing the grade of that thoroughfare through the city. This action was taken with a view to the speedy permanent improvement of the alley. All electric wires have been ordered under ground and there are to be no poles to interfere with traffic.

SAND TOWN BLASTS.

THE CITY TRUSTEES HAVE GRANTED TO THE ABBOT KINNEY COMPANY PERMISSION TO ERECT AND OPERATE A MINISTAR RAILWAY LINE THROUGHOUT VENICE.

John Morton, the purchaser of the gas franchise, has informed the city officers that it is his purpose to at once carry out the terms of the franchise. He bought the privilege at public sale against the bid of the San Home company and is supposed to be a representative of the Edison Electric Company.

Under the Yrooman Act, the city has announced its determination to improve Talcott street, which runs through the hands of the city from Torrey to south.

Having no city battle, Ocean Park has arranged to have her city prisoners taken charge of by Santa Monica.

Work was commenced this morning on a new three-story brick building, 500 ft. on Ocean front, adjoining the Bredon block at the corner of Navy street. The new block, which is to contain four store-rooms and cost above \$30,000, will house the First National Bank.

A well authenticated rumor is to the effect that the two water companies are about to effect a merger and be operated as one hereafter. The Ocean Park Water Company, of which E. J. Vawter is president, operates on the hill, while the Park Water Company, William Mead, president, supplies the lower section. Both companies pump their supplies from wells.

The late varnisher's "Welcome" arch is to be removed to Torrey street at its junction with Pier Avenue and be maintained permanently. The Los Angeles-Pacific Railroad Company is to supply the illumination.

The recently organized Commercial Bank will open for business within a month, having secured quarters in the Brundage block, now building on Pier Avenue.

When the city trustees were elected a year ago, it was not determined whether the long and the short terms. This has just been decided by the trustees. The trustees, pulled strings, George Jones and Dana Burke drew the long term and will serve three years more. The terms of Messrs. Gibbon, Parker and Robinson, who drew the short straw, will expire next April.

At Kansas City, T. F. Cruze, aged 24, pleaded guilty in the Criminal Court yesterday to false registration before the last general election and was sentenced to two years in the penitentiary. He asserted that he registered twice, but asserted that he had received no money for so doing.

MONROVIA.

VOTE ON BONDS TODAY.

MONROVIA, April 18.—Civic improvements that mean much for the future of this city will be submitted to the people tomorrow in a \$25,000-bond election. The proposition to issue bonds for the improvements was practically indorsed by a former board of city trustees, and is submitted to the people after its indorsement in a mass meeting of citizens.

Repairs and building new pipe lines of the water system in accordance with recommendations of William Mulholland, the covering of reservoirs, and the purchase of water-bearing lands for future needs are incorporated in the ballot. In addition is the site for the library, offered at a public sale by Carnegie, upon condition that grounds for the structure are donated.

The sum of \$15,000 for the purchase of water-bearing lands is included, in advance of the need of the growing population of the town.

It is contended that the bond issue will be held by the promoters of the movement. Large numbers of property holders are undoubtedly in favor of the power to push them through and their popularity with non-property holders is expected to be fully demonstrated.

If carried, the bond will be a 5 per cent. interest. Their denominations will vary from \$50 to \$500. Their term will be from one to thirty years.

SAN PEDRO.

SENATORS VISIT HARBOR.

SAN PEDRO, April 18.—Senator Frank R. Plumb of Los Angeles, accompanied by Senator Russell L. Allen of Michigan, were visitors here today, and made a thorough inspection of the harbor and outer harbor and of the government work in progress at this point. Arriving at 11 o'clock today the visitors were met by Assistant Engineer Robert A. Crawford and were taken aboard the United States tugboat Pedro. A large fleet of vessels was discharging at the various wharves, and the present and future possibilities of San Pedro Harbor were evident to the Senator from Michigan. The party returned to Los Angeles late this afternoon.

NEW BLK'S LODGE.

WHILE A FEW WEEKS SAN PEDRO WILL HAVE A FOURTH LODGE OF THE ORDER OF ELKS. PERMISSION WAS GRANTED LAST NIGHT BY THE LONG BEACH LODGE FOR A CHARTER FOR SAN PEDRO. THERE WILL BE PRICE \$200, BUT THE \$200 PAID AT THE FIFTY-EIGHT CHARTER MEMBERS IN THE ORDER, COMPLETING PROMINENT BUSINESS AND PROFESSIONAL MEN OF THIS CITY.

SAWTELLE.

RARE RELICS FOUND. SAWTELLE, April 18.—While making excavations this morning on the Artesian tract for the electric line's extension, the workers found, at the bottom of the shaft, a relic of ancient California.

The souvenir left by the Indians who preceded the Spanish-speaking races in their early settlement in the sunny Southland is a mortar and pestle of rare design and in perfect condition. It was found about four feet beneath the surface of the ground, and how many ages it may have lain there is conjecture. How came it there? is the question.

The mortar is hewn out of the center of a perfectly round boulder that

NOTICE.

Its superiority over all others in point of healthfulness, the excellent results obtained from its use and its moderate price, should make Rumford Baking Powder the standard of every family.

NOT connected with either the Cream Tartar or Alum Trust.

Is the choice of those who really care for the healthfulness and preservation of their skin. Made in a factory with more than half a century of experience and reputation behind it. Perfumed with the odor of natural flowers. JAMES S. KIRK & CO.

MAKE YOUR NEEDED EASTER PURCHASES NOW

At a time like this, from one cause or another, hundreds of people delay making their final purchases of Easter wearables until the day before, where, if you would give the matter some attention, you would find that you would have an advantage in purchasing from stocks before they were all picked over, and at the same time would get just as good prices, so we are assured that you will take it good naturedly that we remind you to purchase all articles that you will need to complete your Easter attire in the next day or so.

\$7.50 and \$8.50 Silk Shirt Waists

Priced Wednesday, At... **\$4.69**

Our New York office recently purchased twenty-five pieces of plain and changeable taffetas much under the regular price and took them to a manufacturer of New York, who, during the dull season, agreed to make them for us at a very low price; consequently, we can offer this lot to you at only about what you would pay in the regular way for the silk alone. They are in the new wanted shades of green, brown and blue, as also black or white; some of them are the fancy changeable effects; all of fine quality taffeta, and are trimmed with all-over box plaiting, finished with small tuckings and ornaments, some tuckings and knife plaitings alone, or button trimmings. There are all sizes in the lot, and variety enough to please every one. Positively cannot be duplicated under \$7.50 and \$8.50 anywhere.

Underpriced Silk and Sateen Petticoats

Such values as are specially featured in these two Easter offerings, in silk and sateen petticoats, are so attractive that no woman who wishes to add apparel of this class to her wardrobe should fail to purchase now.

\$10.00 Silk Petticoats—These are of a fine grade of taffeta, in browns, greens, reds, blues, and canary, made with deep flounces, which are trimmed with tuckings and self bands, also silk dust ruffles; a regular \$1.00 garment, special for Wednesday at... **\$5.95**

\$1.50 Black Sateen Petticoats—These are made of a good quality of sateen, in a fine lustrous black, with flounces trimmed with plaitings or ruffles; good value at \$1.50, but featured for Wednesday at only... **98c**

New Easter Ribbons Regular \$1.00 Values, per yard... **49c**

The popular pompadour ribbons, newest and fancy textures, in white, cream, light blue and pink grounds, with clusters of violets, roses, buds and orchids, either delicate or gorgeous colorings, as also ombre effects; in brown, blue, orange, green and fancy stripe sash ribbons, in pink, blue and white.

New Easter Footwear \$4 New "The" Silk Ribbon Ties, at... **\$2.95**

This is a special Easter offering, of one of the most stylish Spring productions; are of black chrome glace kid, hand sewed thin turn soles, plain Parisian toes, steeple heels; all sizes.

"The Ebell" Shoe for Women, new styles, at... **\$3.50**

In this splendid make, we offer the newest creations in patent leather, brown and black kid, tan, Russia, calfskin and white duck; eight distinct sizes to the inch, which insures an absolutely perfect fit. "Par excellence" in every detail, and comprise all the features of a \$5.00 shoe.

Jeweled and Gold Mounted Combs, Worth \$1.50, priced at **59c**

Possibly never in the history of comb making and selling has any retail store ever had such a select line of hair combs to offer as a leader for a special sale. They are a sample line of about seven hundred combs, but few of them alike, all of best quality, and were sold to us by the manufacturer at one-third less than the regular wholesale price. Ready money with a big firm like Hamburger's always counts, and manufacturers vie with one another to sell us special lots when a quick turn-over is necessary. This assortment contains many distinct styles of combs, in shell and amber, set with various studs, and are the ones now most in demand in arranging the coiffure. \$1.50 would be considered only a fair price, but for the four hours, Wednesday, are offered at 59c.

Lamburger's

WHAT OTHERS ADVERTISE, WE SELL FOR LESS.

Easter Millinery Specials Today

Exclusive \$15.00 Dress Hats, Special at **\$10.00**

These are of chiffon, or maline, in combination with tussan or hair braids; also foliage and flower effects; distinctive and exclusive hats, of the best materials, in the most popular color combinations, and values that are worth not less than \$15.00.

\$12.50 Suit Hats, An Easter Special at... **\$8.50**

These are of best satin or hair braids, in either white or black, made with black velvet edge binding; are trimmed with black or white velvet ribbon, and black wings; are in the very newest shapes; regular \$12.50 values.

\$6.50 Suit Hats, An Easter Special at... **\$4.85**

These embrace the latest shapes, made of best satin or hair braids, also some fine Milan hats, trimmed with ribbons in rosettes and quills and flowers; decidedly handsome effects, and values which you would not expect to find under \$6.50.

Misses \$1.00 School Hats, Special at **69c**

For Wednesday only, a special assortment in Sailor shapes of satin or basket braids, in natural or colors, trimmed with silk ribbon bands and streamers, and are positively \$1.00 values. They will be on sale on bargain table, main floor, only.

\$20 Tuxedo Coat and White \$4 Pique Vest, at... **\$11.50**

An Easter offering you cannot afford to overlook. We recently featured a sale of Tuxedo and dress suits. At the time of purchase of this line, we also bought enough material for fifty separate Tuxedo coats and fifty white Pique vests. The coats are of German crepe cloth, or unfinished worsteds, lined with silk and Italian cloth, faced on collar and lapel with heavy gross grain silk; are for regulars, stouts and slims, and worth \$17.00 to \$20.00. The Pique vests are birdseye basket and fancy figure weaves, in the fine English Pique Vests. As a special leader for Wednesday and Thursday we price the combination of coat and vest at \$11.50.

Men's \$12.50 and \$15.00 All Wool Suits, at... **\$8.85**

Three hundred more of the all wool business suits similar to those featured in our large sale last week. They are strictly new in style, perfect in fit and finish; are of seasonal weight, and the coats are cut with that conservatism that most men like—neither too long nor too short, and are lined with fine French serge or Italian cloth. In sizes for regulars, stouts and slims, or sizes 34 to 46, and the coats are either single or double breasted style. On special sale for Wednesday only.

Semi-Annual Hosiery Sale

\$1.50 Allover Lace Lisle Hose 59c

These are strictly high class hose, made of brilliant lisle ingrain yarn, Hermendorf dye, full fashioned, regular made, with double heels, soles and toes; the kind that you usually pay \$1.50 for.

Assorted Dress Skirts

Specially Priced Wednesday, at

\$5.00

We have taken those that were left from the recent big sale and added others from our regular stock, but none of them are worth less than \$10.00, and will go on sale as a special leader Wednesday. They include fine silks, tulle, and mannish textures; are trimmed with self plaitings, and in all the wanted shapes. The colorings are brown, blue or black in solid, as also color combinations in popular mixtures. They have the best of man tailoring throughout. As every woman can find use for an extra skirt at some time during the season, this particular line will certainly prove an attractive and profitable investment, for your own judgment will convince you that the sale price is only about the real value of the material. The selling will be spirited, so come early, as best selections naturally go first.

Clothing and Furnishings for Boys

As the youngsters are home from school this week, you can bring them down any time, and have them fitted. It will save you money to do so Wednesday, as we offer you the two following special leaders:

Boys' Wool Suits—Sizes 3 to 7 years, Buster Brown style, with Knickerbocker trousers; sizes 5 to 14 years, Norfolk coat styles, with box plait and self belts; sizes 7 to 16 years, double-breasted style. The materials are all-wool chevrons, in neat spring patterns, in light, medium and dark colorings, and suits that are actually worth up to \$4.00. On sale Wednesday at, choice... **\$2.50**

Boys' "Puritan" Blouses—The same blouse waist that we have been featuring for several days, and are the best of the lot, for they are positively worth up to \$1.50. Are in blouse style, with patent drawstrings, are finished with white pearl buttons; have pocket on side; plain neckband, or attached laundered collar and cuffs. The materials are Marcellines, madras, percales and chevrons, in plain white, fancy stripes or mixtures. All sizes for boys, choice, at... **49c**

Women's Easter Neckwear Values Up to \$1.00 **25c**

An assortment of turnovers, stocks, bows, ties and jabots; are of lousine, taffeta, chiffon, trimmed with fagoting, folds or medallions; Point Venise or pompadour effect laces; still others of madras, Butcher's linen, Swiss or valenciennes lace, in black, white, blue, brown and color combinations.

Trade Sale White Wash Goods

10,000 Yards at About One Half Regular Prices

This event is worthy the consideration of every woman in Los Angeles, for the offerings include the most popular fabrics, and just at a time when the price reductions will enable you to make more liberal plans for spring and summer dresses than would have been otherwise possible.

25c Lace Striped Mull

Many Patterns at Per Yard... **15c**

This lot includes about 100 pieces, of fancy white lace stripe mull, in a great range of patterns, in 28 inch width; a very choice assortment, bought especially for this sale, and a regular 25c value.

25c Fancy White Pique

Priced for Wednesday, Per yard... **12c**

These are in fancy weaves, and decidedly attractive in every particular; a quality that could not be purchased in the regular way for less than 25c; are 28 inches wide.

20c Lace Striped India Linon

A Lot of 150 Pieces, at Per Yard... **12c**

This is a particularly desirable fabric for summer dresses and also appropriate for Easter and confirmation wear; a quality that has always sold at 20c, but a feature of this sale, at about half regular price.

25c Grosgrain Corded Madras

Excellent for Shirt Waist Suits, at... **12c**

This is a splendid material, and very serviceable for suits; is 27 inches wide, and the kind always sold at 25c. Offered Wednesday, at just half price.

Choice Easter Perfumes

Crown Perfumes—Elegant and lasting odors—several to select from. In the same lot are Lundborg's well known perfumes; both 50c values, but special for Wednesday only... **35c**

Toilet Water—A requisite on every woman's dressing table. We offer Pinard's, Colgate's, Helmut's and others of the leading odors, Wednesday, per bottle, at... **75c**

Box Perfumes—desirable Easter gifts. A number of well known makes, prices ranging 10c, 25c and... **50c**

Visit our Perfumery Dept. and have your handkerchief faintly scented with our new odor, "Vert d'or."

Wednesday Morning Bargains, On Sale 8 to 12

Jeweled and Gold Mounted Combs, Worth \$1.50, priced at **59c**

Possibly never in the history of comb making and selling has any retail store ever had such a select line of hair combs to offer as a leader for a special sale. They are a sample line of about seven hundred combs, but few of them alike, all of best quality, and were sold to us by the manufacturer at one-third less than the regular wholesale price. Ready money with a big firm like Hamburger's always counts, and manufacturers vie with one another to sell us special lots when a quick turn-over is necessary. This assortment contains many distinct styles of combs, in shell and amber, set with various studs, and are the ones now most in demand in arranging the coiffure. \$1.50 would be considered only a fair price, but for the four hours, Wednesday, are offered at 59c.

50c New Muslin Gowns **35c** Full Size and Well Made, at...

They are of a good quality muslin, made with V shape necks, trimmed with four rows embroidery insertion; are full length and amply proportioned; there are all sizes in the lot, and they are positively 50c values. No phone or mail orders will be filled.

\$1.25 Water Bottles And Syringes, at... **69c**

Pure gum rubber water bottles and fountain syringes, every one perfect. Will be a special feature from our drug sundry department for this sale, and no phone or mail orders will be filled, with a limit of one to each customer, for the same quality bottle or syringe sells in drug stores regularly at \$1.25.

Taffeta Silk Gloves **15c** 50c Values, at...

This is a special lot of women's taffeta silk gloves, made in gauntlet style only, with two-clasp, and are serviceable for driving or wheeling. In the same lot are a sample line of good quality lisle gloves, in black, white and all colors, and all of them are good values at 50c.

500 Chantilly Lace Veils, Positively Worth **\$2.00, at choice 50c**

The greater portion of them are now on display in one of our show windows, and you can form your own judgment as to our statement of the values. We know that such an offering is seldom, if ever, made. They are a sample line purchased at special price, which enables us to offer them to you at only one-fourth their actual value. They are of fine quality silk Chantilly lace, 1 1/2 yards long; are in dainty floral effects, both large and small designs, suitable for face or hat drapes, and are in black, white, cream, blue, brown and champagne. No phone or mail orders will be filled, and we would advise early purchasing Wednesday.
